To Those About To Leave Midway: It is not only urged but required that strict secrecy be maintained concerning Naval or Military Information you may have acquired at Midway. Disclosing or permitting to be disclosed information concerning national defense is a Crime under Title 50, Section 31, United States Code Annotated--the espionage act. Each of you have a duty to your country to report anyone whose glib tongue may affect the national security. Section 35, of the same statute makes it a crime to conceal the violation of the statute by another party. This is war time and every effort will be made to enforce the espionage act. Do not give your wife the opportunity to spread details about Midway at the weekly bridge club. -- Bon Voyage

Many American Soldiers disembarked safely in Australia today. They have been arriving in various parts of Australia since Mid February. Washington experts said not a single soldier was lost in troop movements to Ireland or Australia so far.
